## NOTICE OF DECISION FOR THE UTAH RECREATIONAL LAND EXCHANGE, <u>UINTAH, GRAND AND SAN JUAN COUNTIES, UTAH</u> NOTICE OF AVAILABILITY OF THE APPRAISAL DOCUMENTS AND FINAL <u>EXCHANGE MAPS</u>

UNITED STATES DEPARTMENT OF THE INTERIOR, Bureau of Land Management (BLM), Utah State Office, 440 West 200 South, Suite 500, Salt Lake City, Utah 84101-1345.

Notice is hereby given that on February 7, 2014, Juan Palma, BLM State Director, issued a decision to approve the Utah Recreational Land Exchange between the United States (U.S.) and the Utah School and Institutional Trust Lands Administration (State). The Utah Recreational Land Exchange Act of 2009, Public Law 111-53 (URLEA) authorizes this exchange. The exchange involves lands within Uintah, Grand, and San Juan Counties, Utah.

The exchange of land would consolidate Federal and State land ownership patterns, providing increased management efficiency for the U.S. and the State. The U.S. would acquire lands with high recreational and conservation values, most of which are located within or adjacent to Wilderness Study Areas, Areas of Critical Environmental Concern, Special Recreation Management Areas, and Natural Areas, primarily in Grand County. The State would acquire lands with high mineral or other development potential, primarily in Uintah County, that would provide benefits for the public schools in the State of Utah.

The following-described Federal lands, or interests in land as specified, have been determined to be suitable for disposal by exchange pursuant to the URLEA and Section 206 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1716), as amended:

The non-Federal lands consist of a total of 25,034.06 acres, including 20,160.94 acres of surface and mineral estate, 4,873.12 acres of mineral estate only, and two water rights.

The URLEA identified approximately 35,608 acres of Federal land and 45,826 acres of non-Federal land for exchange. The Notice of Exchange published in August and September 2011 described the lands included in the exchange. The maps entitled "Uintah County Map" and "Grand County Map" dated May 14, 2009 that accompanied the URLEA depict the lands. Appraisals approved by the State and the Department of the Interior, Office of Valuation Services established the value of the exchange parcels in July 2013. In order to equalize the value difference between the Federal and non-Federal

exchange lands as required under the URLEA, the BLM and the State eliminated 20,272.76 acres of non-Federal land from the exchange. The Decision Record for the exchange outlines the eliminated lands.

The BLM and the State will convey all Federal and non-Federal lands subject to valid and existing rights and encumbrances of record. The BLM and the State have notified all authorized users of the exchange lands of the impending exchange. The BLM would convey all Federal lands containing oil shale resources subject to a reservation of interest by the U.S. pursuant to the URLEA.

The exchange would meet the objectives of the URLEA, which are to place valuable conservation and recreation lands into public ownership while also benefitting public school funding in Utah, and to continue the process of consolidating State and Federal ownership patterns in Utah. The U.S. would acquire valuable recreational lands, including those in Wilderness Study Areas, Special Recreation Management Areas, Natural Areas and Areas of Critical Environmental Concern. In addition, the U.S. would gain areas of high visual quality, lands within suitable Wild and Scenic River segments, and lands with potential habitat for the Mexican spotted owl, Southwestern willow flycatcher, Colorado Basin Fish (Colorado pike minnow, humpback chub, razorback sucker, and boney-tailed chub), and desert bighorn sheep. This land exchange will well serve the public interest,
